How to pay:

Once your request for admission has been accepted, the school will send you an email with all necessary data and instructions for payment.

In short:

1. In order to confirm (and therefore book) a place in the course, **your first step is to send a wire with a down-payment of 250 euro** (204.92 + Vat at 22%). We can only guarantee a place once this advance has been paid, so as soon as you have decided to take part in the course, we strongly advise you take care of the advance. The down-payment is non-refundable since we need it to book your place in the villa and prepare your participation to the course. However, should you be unable to attend you may use this money towards any other courses or seminars organized by the school.
2. The balance of the Course Fees can be paid by wire transfer at your leisure, up to 1 week before course commencement (one week before each part). Keep in mind, however, that **once you pay you will be able to access the site's student area to download the course material.**
3. The quota for room and board can be paid by **cash or cheque** directly when you register (when you get to the Ashram) directly at the Villa Vindravana's Reception. **PLEASE NOTE: Bancomat (Cashpoint Cards) or Credit Cards may not be used to pay this quota. (Possibly Paypal if you let us know beforehand)**
